mechanic, may perform the condition inspection required by these operating limitations.

27. Application must be to the geographically responsible FSDO or MIDO for any revision to these operating limitations.
28. The pilot in command of this aircraft must notify air traffic control of the experimental nature of this aircraft when operating into or out of airports with an operational control tower. When filing Instrument Flight Rules (IFR), the experimental nature of this aircraft must be listed in the remarks section of the flight plan.

  
Raymond Howell, DARF511236CE

Issued on

I have read and understand these operating limitations and FAR requirements pertaining to Operating Amateur-Built Aircraft.

 W. Hester Dated July 2, 2012
