

# ENGINE LOG

Engine Log Entry N13DK  
231.61 TSN, 1433.37 TTAF

Removed engine driven fuel pump P/N RG9080J4A S/N D5474. Installed serviceable repaired fuel pump P/N RG9080J4A/M S/N D8509 (see 8130-3). AD 2003-14-03 is no longer applicable to this pump. Installed Casper Labs oil filter adapter STC SE01930NY IAW service instructions manual # CL1000A. See 337 this date. Equipment list was updated. Weight and balance change is negligible. Engine was ground run and checked for leaks, no defects noted.
